

SODEMANN-Springs.US

Making working conditions safe.

As far as we know from our investigations, Sodemann-Springs.US ApS does not take goods from production processes that do not maintain good and safe working conditions for both administrative staff and those on the factory floor. Sodemann-Springs.US ApS does not accept suppliers who use child labour, exploit their workforce, use forced labour, work in contravention of current legal requirements, act in a discriminatory manner, fail to respect environmental requirements, etc. All production takes place in accordance with current regulations and with respect for co-workers. If this condition is not adhered to, Sodemann-Springs.US ApS will immediately break off the association.
